Notice to Mariners 001.2018

Dated 04.01.2018

Lincs Windfarm Export Cables

Please see attached, details as furnished to the Port of Boston from Capital Transmission, the OFTO, who own the export cables running from the Lincs Windfarm to the mouth of the River Nene.

Details from the latest survey carried out in September 2017 will be studied and a further report issued.

Contact details for Transmission Capital are given on the accompanying paperwork.
