NOTICE TO MARINERS 019/2023

Swing Bridge Maintenance

Mariners are advised that maintenance work is currently being carried out on the railway swing bridge and is forecast to last for approximately 2 weeks.

To carry out the work the bridge is required to be in the rail traffic position and port staff have been advised to work with river users to reduce, wherever possible, delays to river traffic and therefore, the Port requests a minimum of 1 hour notice to swing the bridge.

Notification of boat movements should be made to Neil Pickwell on *01205 365571* who is best placed to contact the rail crew.

Further updates will follow.
