NOTICE TO MARINERS 033/2025

Grand Sluice – Scaffolding Stairways

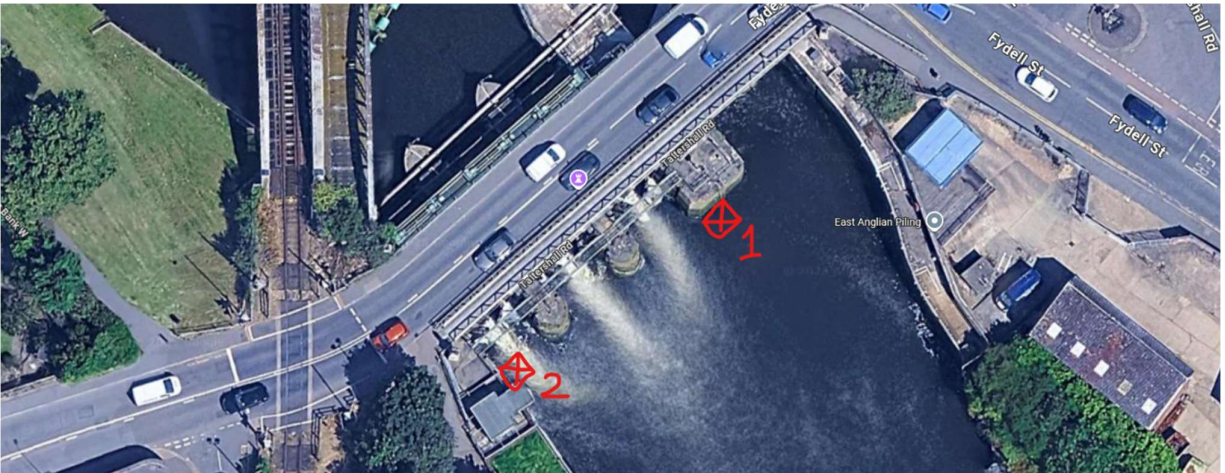

Mariners are advised of the presence of temporary scaffolding stairways on the tidal side of Grand Sluice. The stairways allow EA contractors to access the sluice outfall concrete slab.

The below photo shows the location of the scaffolding. Additional lighting has been installed on the stairway adjacent to the lock.

Extra care should be taken when transiting the Grand Sluice lock.

For any further information please contact the EA contractors representative.
