NOTICE TO MARINERS 042/2025

Swing Bridge Works

Mariners are advised that commencing Wednesday 10th December further maintenance works will be continuing on the ports swing bridge.

The works are expected to continue for approximately 10 days and will involve a ports crane being positioned over the river between the port quay and the swing bridge for the safety of personnel working on the bridge. There will also be a safety boat in the river whilst work is being carried out.

It is not expected that these works will affect navigation through the west side of the bridge. However, mariners are requested to navigate with caution.
