NOTICE TO MARINERS 072/2020

Swing Bridge

Mariners are advised that following an electrical fire last night in the railway swing bridge "round house", on the western side of the river, the bridge will temporarily have to be operated with a pulling wire from the dock estate.

The opening and closing of the bridge will take longer than usual and mariners are requested to make early contact with the Port if they need passage and be aware that there may be a relatively short delay experienced.
